

ROTARY FELLOWSHIPS

Groups of any interested individuals who connect to explore shared interests in:

- Recreational Activities
- Hobbies
- Sports
- Vocations
- Rotary History & Culture

More than **80 Rotary Fellowships** officially registered with Rotary International

Rotary Fellowships are international, independently organized groups of any interested individual who share a common hobby, recreational interest, or profession. Rotary Fellowships give their members the opportunity to have fun, make new friends around the world, and enhance their experience in Rotary.

With over 80 officially recognized fellowships, here's just a small sampling:

- Skiing Fellowship
- Yachting Fellowship
- International Fellowship of Rotarian Musicians
- International Fellowship of Rotarian Doctors and Health Professionals
- Antique Automobiles Fellowship

Many fellowships also use their special interests to serve others. For example, the Fellowship of Canoeing Rotarians has organized cleanups of polluted rivers; members of the International Computer Users Fellowship of Rotarians have hosted training sessions for Rotarians and the general public; and members of the International Fellowship of Rotarian Scuba Divers join local Rotary clubs to undertake service projects on each of their diving trips.

BENEFITS OF ROTARY FELLOWSHIPS

Fellowships engage the family of Rotary through shared interests

International Travel and Hosting Fellowship

Fellowships

- Are a great way to get exposed to Rotary beyond your own club or district.
- They Unite people with a common interest from all over the world
- They also further vocational development through connections with others of the same profession.
- And they can allow individuals to explore new opportunities for service

Again, if an individual's expectations aren't currently being met, Fellowships may be a great opportunity to explore.

JOIN OR START A FELLOWSHIP

Join a Fellowship by contacting a group that interests you. The full list of Fellowships and steps to start one can be found online: www.rotary.org/fellowships

Rotary International has established specific policies for forming a Rotary Fellowship. RI rigorously evaluates each prospective group before deciding whether to formally recognize it. However, each fellowship operates independently of RI, with its own rules, dues requirements, and administrative structure.

Interested in starting a new international Fellowship on a new topic? Go to www.rotary.org/fellowships where you can find all the steps on how to get started.

You will need:

- At least 25 potential members, representing at least five countries
- Completed application form with a clear explanation of the group's purpose
- Copy of the group's proposed bylaws
- List of proposed officers and their responsibilities

Our research shows us that prospective members are looking for opportunities to grow personally and professionally. And Rotary offers them that.

In addition to the incredible programming you have access to through your regular club meetings, and what your district offers, Rotary International also offers a robust online learning management system, called the Learning Center, where you'll have access to a huge array of skills- and role-based e-learning modules.

BENEFITS OF THE LEARNING CENTER

- Grow personally and professionally by developing new skills that can be applied within and beyond your club
- Earn virtual badges and virtual points to compete on a local leaderboard
- Track your progress over time, print certificates, and keep track of your learning

Members can take online courses through Rotary's Learning Center, or Leverage our alliance with Toastmasters to access additional growth opportunities.

Consider the Rotarian who was terrified of public speaking and trembled her way through her first 5-minute speech. She was later asked to speak at an institute in front of 500 people, and now trains others in public speaking.

*"When we say yes to Rotary, I don't think many people understand the scope of what they're saying yes to. The **great joy** is finding that out."*

Rotary 

And I'd like to close with this quote from a Rotarian, who I think says it best.

I really want to encourage each of you to explore the myriad of member benefits available to you.

And the next time someone asks you about Rotary, you can say: "You'll achieve more than you ever thought possible. And you won't do it alone."

Thank you.
